

XIII TUITION

To help defray the cost of the school to the parish community, the necessity of tuition is of obligation. The pastor and his finance committee issue the tuition rate in the spring of each year for the following academic year. No student may re-register for the following academic year unless all accounts of the present academic year are paid in full. Grade 8 students will not receive diplomas unless their accounts are paid in full by May 1 of the present academic year. No school records of students who transfer will be sent unless their accounts are paid in full. Tuition contracts are signed in the parish center. In this contract it states, "While recognizing the possibility of special financial arrangements between single, separated, and divorced parents either through mutual agreement or court order, the parent/guardian signing this contract assumes full responsibility for the payment of all tuition according to the timetable listed on the tuition letter as published."

Tuition for Grades PK3 to 8 is paid at the parish center.
