

BISHOP BARAGA CATHOLIC SCHOOL

October 27, 2020

Dear Bishop Baraga Families,

I do not have any new cases of COVID-19 to report in school at this time. We have had one parent in our pre-school and pre-kindergarten test positive over the weekend. Their children have not been in school this week. They are getting tested as a precaution. We also have a number of families who are out with cold symptoms. Some of these families are getting tested as well. I will let you know if there is a positive result from anyone. I appreciate all of your vigilance in keeping your children home when they are sick. I know that is not easy. The teachers are working hard to get work home for our absent students. We also have a chrome book for each child. If your children are absent, we can send a chrome book home with them. Just call the office.

Our kindergarten class is back in school. The Health Department finished their contact tracing and did not find that any of our students were a close contact of our positive staff member. It's nice to have our little ones back at school. I have the most interesting conversations with them, and I miss them when they are gone!

Our first quarter ends this Friday. That means we are almost a quarter of the way through our school year and have remained open so far. Let's thank God for all His blessings and especially for that! Only God knows how this year will go. Let us also ask Him to protect our school family and our whole community.

You are in my prayers.

God bless,
Angela Oller
