

My Dear Brothers and Sisters in Christ,

I hope and pray that your Lent is fruitful as we engage in prayer, fasting, and almsgiving. Just remember, its not too late to start or reengage your Lenten observance as a sign of hope in the Crucified and Risen Lord. Keep it up!

Thanks to the K of C for their "Fish Frydays"! They really have upped their game with specials like salmon and rockfish, which has brought in a lot of people from inside and out of the parish. The new kitchen facilities are working great with the new and up-to-safety-code fryer, stoves, and hoods which keep the air fresh.

**IMPORTANT:** Our entire HVAC system is insured for any sort of malfunction. No one is allowed to augment or "fix" anything in the heating, a/c system, or any kitchen appliance. If someone attempts to do so, it invalidates our warranty with Dick Anderson Construction and our subcontractors, who are licensed, bonded, and insured. For example, one attempt to meddle with/fix a \$100 issue will invalidate our warranty and if there is a \$50,000 issue in the future. The only one to refer to is Bob Yeager who has all contact information for servicing the HVAC.

If there is an issue, please contact Colleen who will directly contact Bob who will then call a subcontractor. We have had a few issues that were fixed easily and under warranty, which cost us nothing.

Thanks to our staff, volunteers, and you, the Holy Faithful of the Church!

In Christ,

FR. R
