## Message from Father Gabriel

Sacred Scripture tells us a lot about generosity and the importance of sharing the resources that God provides us. True generosity springs from a genuine and noble heart that does not seek to receive in return. That is the kind of heart that God wants us to have.

God does not ask anything of us that he has not been willing to do. That is why he sent his Son, Jesus, to die on the cross so that we would receive forgiveness of sins and eternal life. And that is why he delights in granting good things.

God has shown his generosity to us from the beginning of creation. Before creating man and woman he made sure to create and provide everything necessary for their survival. He created a universe, beautiful & balanced, with the necessary elements for our survival; water, plants, animals and everything that would contribute to it.

God likes to give good things to us, and he does it not only so that we enjoy them but also share them. By sharing our gifts and blessings with others, rather than hoarding them, we are declaring that we fully trust God and that he will be able to provide for our needs.

Generosity springs from a grateful heart, we share our time, our experiences, our knowledge, our talents, gifts, and our financial resources with others. We give with an open hand because God blesses in like manner: His hand never closes.
