MESSAGE FROM FR. GABRIEL

Why does Jesus warn his apostles to "travel lightly" with little provision? This is a great characteristic of the radical following of Jesus, living life with full confidence in the will of God, leading a lifestyle where material detachment leads us to attach ourselves to spiritual wealth.

This trust and total detachment from material goods, leads us to a true understanding of the meaning of life, where things and material possessions are necessary inasmuch as they serve to create and increase our human and spiritual dignity, helping us to obtain our happiness and holiness when we share them with a generous and kind heart with others.

From God we receive everything we have, everything is thanks to his infinite mercy and love, our responsibility is to take advantage of them with gratitude and generosity, returning to Him the spiritual fruits, through our human and spiritual actions, guided by the wisdom of the Spirit.

Our Lady of Guadalupe Statue!!

Because of the generosity of our parishioners, we have enough funds to purchase the rose plants for the area surrounding the statue. However because of the extreme weather conditions that we experience in the summer months. We have been advised by our local nursery to wait until sometime in September

to plant. I am pleased to announce that we will be able to cover the complete garden area with the funds that are available. We have great plans for the planting, so please I ask you to be patient with us regarding the planting phase. I believe you will be very happy with the end results.

Estatua de Nuestra Señora de Guadalupe !!

Debido a la generosidad de nuestros feligreses, tenemos fondos suficientes para comprar los rosales para el área que rodea la estatua. Sin embargo, debido a las condiciones climáticas extremas que experimentamos en los meses de verano.

Nuestro vivero local nos ha aconsejado que esperemos hasta septiembre para plantar. Me complace anunciar que podremos cubrir toda el área del jardín con los fondos disponibles. Tenemos grandes planes para la siembra, así que les pido que tengan paciencia con nosotros con respecto a la fase de siembra. Creo que estarás muy contento con los resultados finales.
