

## Scrip Introduction

---

Want to earn money towards your child's tuition? The Scrip program through the Great Lakes Scrip Center gives us an opportunity to do just that with monies we are already spending each and every day!

When you use the Scrip program, you purchase prepaid cards or certificates that are used just like cash. You can use scrip to purchase everyday expenses such as food, clothing, gas, and other essentials. Hundreds of retailers participate. And with every purchase, you can earn revenue towards a family's tuition account, the tuition assistance program, a future student's tuition account, CCD fees, or SMV School. (In the event earned profits are designated to your family's tuition, your account will be credited four times per year.)

How? The Great Lakes Scrip Center acts on behalf of non-profit organizations to purchase large amounts of scrip. Participating retailers, therefore, sell prepaid cards at a discounted rate. It is this percentage of revenue that becomes profit.

An order is placed every Monday with availability later that same week. You may order online at [www.shopwithscrip.com](http://www.shopwithscrip.com), and even make a scrip purchase instantly on your smart phone for last minute needs. Orders too may be dropped off at the school or given to the scrip representative after all weekend Masses. Payment is necessary upon ordering; checks payable to SMV School please.
