### *Did you know SMV has a Young 5's Program?*

- Young 5's is combined with Kindergarten.
- Mrs. BeVier has her Masters degree in Child Development with an elementary teaching certificate. She has been teaching for almost 25 years in preschool and elementary age students. Mrs. BeVier graduated from Hopkins High School, so she is a native to our area, before living in Chicago for 15 years. While in Chicago she taught 2nd grade and worked both as an administrator and a teacher in a child care center. Mrs. BeVier and her husband have two children who have and are attending SMV.
- Students work with Kindergarten in most areas.
- Math and ELA (English Language Arts) is differentiated due to the pace of the math program and ELA individual needs.
- Young 5's are not held to the same standards as kindergarten, but they benefit greatly learning from each other and from the Kindergarten students in the classroom.

### *Affordable, Christ Centered, High Quality Education!*

- SMV is a fully accredited school by the Michigan Non- Public Schools Accrediting Association.
- Affordable Christian based education open to everyone.
- Bussing available through Hopkins Public Schools or via the SMV bus for surrounding districts.
- Young 5's is very affordable at \$3391 for 1 child per year.
- We have a dress code which makes school shopping and morning routine very easy.
- We offer After School Child Care until 5:30 pm.

"Young 5's at SMV has been such a blessing for our sweet daughter. Being the youngest and having a later birthday it is difficult to see her grow up so fast. The Young 5's program has fully engaged her excitement for learning while providing the "gift of time" to help prepare her for success in Kindergarten and beyond. Our daughter loves learning and comes home with something new to share every day and has blossomed making new friends."

# NOW ENROLLING
