The Function of Musicians

If we, the gathered assembly, are the primary music ministers, what is the function of those whom we label music ministers?

They lead us in our songs. They provide the mechanics that enable us to sing together and in tune. Their formation and expertise in liturgical music enables them to select appropriate songs for this community to celebrate this liturgy with these readings on this particular day. Among other things, they can on occasion provide solo music for inspiration (perhaps during the preparation of the gifts) or can also enhance the ambiance (for example, through prelude and postlude music).

Las funciones de los músicos

Si nosotros, la asamblea congregada, somos los principales ministros de la música, ¿cuál es la función de aquellos que catalogamos como ministros de la música?

Ellos nos dirigen en nuestros cantos. Nos proporcionan el método que nos permite cantar juntos y entonados. Su formación y competencia en la música litúrgica los capacita para seleccionar los cantos apropiados para que esta comunidad celebre esta Liturgia, con estas lecturas, en este día en particular. Entre otras cosas, según la ocasión, pueden proporcionar sólo música que sirva de inspiración (tal vez durante la preparación de las ofrendas) o también pueden enriquecer el ambiente (por ejemplo, con la música en el prelude y al final).
