

March 11, 2020

Dear Families and Community,

Together, we are facing unprecedented times and we are grateful for your kind messages of support.

As a school we have worked to keep the learning environment positive and the students engaged in routine. We are aware many school districts in the area are preparing for school closures. As mentioned, our staff has been working on designing a distance learning platform for all preschool through 8th grade classes in case of a school closure. St. Pius X School will continue operating this week, as scheduled, with school open tomorrow, March 12 and closed for our professional development here on campus on Friday, March 13. The entire in-service will be learning and implementing our distance learning capabilities.

You may have noticed your child's backpack filled with textbooks today. At this writing, we have not received any directive from the Office of Catholic Schools to immediately close campus. We are expecting OCS to provide guidance in the near future. We will continue to send communications via email as soon as the information becomes available and keep you updated. This is certainly a fluid and dynamic situation.

Peace,
Mrs. Farewell
