

Dear Friends of Famicos Foundation,

The health & safety of our residents, staff, and community members are of the utmost importance to us. As such, Famicos Foundation's offices are closed to the public from March 18 through April 3. On April 3, 2020 we will send another notice advising you of the situation at that time. All Famicos-sponsored public events are canceled through the end of April 2020. Our nonessential staff will be working remotely. We can still be reached by phone at (216) 791-6476 or by email. The fastest way to receive updates on our Programs & Services is to visit our website at <https://famicos.org/coronavirus-updates> and follow us on social media.

If you are a resident of a Famicos Foundation property, and you need to make an emergency repair request, please call **(216) 707-1590** or email maintenance@famicos.org and explain the nature of your emergency. An emergency repair pertains to the heating system, a broken pipe, no hot water, or no electricity. Please refer to the Maintenance Request Guidelines for further details.

Senior citizens are at a high risk of Coronavirus being **deadly**, should they contract it. We also know that it is extremely contagious and that children can be carriers without showing any symptoms. To protect ALL of our senior residents, we are limiting visitors to our senior apartment buildings to two (2) visitors per resident per day and **no children 18 or younger are allowed to visit, for any reason**. Please know that if you choose to disregard this rule, you are critically endangering not only your parents, but every other senior in the building, including those who already have other serious health risk factors.

Thank you for cooperating with these sensible precautions.

John O. Anoliefo
Executive Director
