From Your Finance Parish Council

Hello,

My name is Patricia Buyting. I am a member of the Finance Council for the Parish of St. John Paul II.

The Policy of the Diocese requires that our Parish have two councils; the Pastoral Council and the Finance Council. Father and the Council members wanted our parishioners to know and understand our purpose and to summarize some of our recent activities for the Finance Council.

The purpose of the Finance Council is to assist the pastor with the prudent administration of parish assets and goods. Your Finance Council meets every second month or as needed. Our activities support our Parish.

When Covid 19 arrived, we lost our ability to have the activities we so often relied upon to raise funds. We then created and distributed our Parish postcard to remind all of our 3 beautiful churches in our new Parish and to help you understand how you could continue supporting our Parish under the lockdown.

Despite the lockdown, the Parish has undertaken various fundraising activities since March in the form of take-out suppers, farmers market and a fifty-fifty draw. We were able to raise in excess of \$4,200.

Many thanks once again to all who helped prepare and to those who supported our activities.

For any information or concerns on how to financially move our Parish forward, feel free to contact Patsy or Brian or email the Parish office.

Just to let you know: The turkey pot pies will be here in late November. Trays of sweets will be available for sale in early December. Keep your eye on the bulletin for availability.
