From Your Parish Pastoral Council

"Fellow Parishioners,

As you may know, our Parish is served by both a Financial Council and a Pastoral Council. Today I wanted to take a couple of minutes to let you know a bit about the PPC. We are a small group of parishioners, elected by you. Our role is to advise Father on matters concerning the Parish faith life. In other words, concerns and ideas from you, the Parishioners. We meet regularly to deliberate on these matters and under Father's guidance, put in place various initiatives. For example, we are currently developing a program for evangelization, we have recently completed a Bible Study and are getting ready to deliver another one, we are actively involved in managing the Responsible Ministry program, preparing to deliver training for various ministries within the Parish and have implemented a monthly Adoration. Of course, one of the major challenges we have all faced is how to safely manage COVID while continuing to allow for worship and the PPC is constantly monitoring the situation and seeking ways to make things even better.

Again, we represent you, the Parishioners for all spiritual matters and welcome your feedback, good, bad or ugly. Feel free to contact us directly (see contact details below) or you can put your concerns or feedback in an envelope addressed to Parish Pastoral Council. Next week you will hear from the Parish Financial Committee. Let's build St JP II Parish together!

Thank you for your time. And, thank you Father."
