Advance Care Planning

A Catholic Approach to Palliative Care

The Initiative for Palliative Care and Advanced Care Planning in collaboration with the Sanctity of Life Ministry of the Reading Catholic Community invites you to view and discuss a video series from the *Supportive Care Coalition*, a national Catholic group that promotes palliative care. The video series covers the Catholic Church's approach to and teaching about palliative care and the issues facing the seriously ill and dying and their families.

The online video presentations and discussions will be offered on four separate **Monday** evenings and will begin at **7:30 PM** with each session lasting an hour to an hour and a half. You will need to register for each evening separately. Sign up for all or just the topic(s) you are interested in. Registration links are given below:

September 21st The Christian Roots of Hospice and Palliative Care and Living with and Caring for the Seriously Ill: Grounded in Baptism
