5th -8th Grade Math Teacher Position

POSITION OVERVIEW St. Paul School of Lumen Christi Academy, is looking for a dynamic 5-8 grade math teacher. The ideal candidate will have a strong background in teaching and experience working with middle school students and knowledge in Math standards. Responsibilities include planning and implementing innovative lessons aligned to standards; good communication skills; use of technology to support student learning; differentiated instruction to meet all learners’ needs; positive classroom management. We are looking for someone who can effectively collaborate with colleagues and can integrate junior high curriculum goals with school-wide and Lumen Christi Academies initiatives. The 5-8 grade teacher would teach Math to 5-8 students and handle all 5th grade homeroom business. The St. Paul Middle School Team is excited to implement a blended learning model with personalized learning that includes; mentor time, student choice, and project based learning. We are looking for an open minded individual who enjoys working with colleagues in a positive collaborative environment.

QUALIFICATIONS/REQUIREMENTS • Bachelor's degree • A teaching credential or working towards a teaching credential • Clear Health Screening and TB test • Pass Criminal Background Check • Proficiency in Microsoft Office and use of Google Drive and Classroom • Classroom teaching experience is preferable • A practicing Catholic is preferable.
