- Registration link and more info to come as we hear more from Pine Knob.
- If you think you'll ski/snowboard more than just ski club or you just want to avoid the rental area, you might consider a seasonal rental in a youth 'grow program' such as Boyne Country Sports "Junior Has a Fit" program. Used gear is available for around \$200. Return your gear next year and re-use your money for the next size you need. <https://boynecountrysports.com/pages/junior-has-a-fit>

Please e-mail Mike and I to let us know that you're interested. I'll start an email distribution.
