

Dear Treasured Parishioners , School Families and Friends,

I want to thank you for being part of this wonderful community and your constant support and prayers for our Church and school.

With your prior support we have been able to accomplish so much. Upgraded technology for our school, enhanced security measures, and maintaining our school grounds are but a few of the many things we have used your assistance for, and I am eternally grateful.

We have received CARES funds that allowed us to purchase Google Chromebooks, Smartboards and Webcams. This technology will permit greater access to students learning remotely and allow for the required 6 feet distancing requirements in the classrooms. Additionally, with the CARES funds, we have been able to purchase a CDC approved disinfectant spray machine that is being used for the school, CDC approved disinfectant spray, disinfectant wipes and cleaners, and face shields for all students and staff.

Careful attention has been paid to these purchases to ensure that every penny has been spent wisely. But in light of these unprecedented times, I am asking for help to continue to do what it takes to keep our school safe. Although the CARES ACT provided funds to be used for technology and cleaning supplies to help attain a safe school opening for September, it is hardly enough to carry us through the year.

Please consider a donation of \$10.00 or more to help me continue to provide our school with the supplies necessary to keep our school community safe. This donation can be made payable to Saint Helena School and mailed to 930 Grove Ave, Edison, NJ 08820.

I pray that you and your families are safe and well, and I thank you in advance for your continued support of our school.

Sincerely,

Father Anthony
