

St. Helena School
Incoming Fifth Grade
Summer Math for 2021

Welcome to 5th grade! We are going to have a great year. Below are the summer work requirements for current students and for students new to our school.

Summer math work will be completed using Khan Academy and i-Ready for current students. New students will just be working on Khan Academy.

Khan Academy for Current Students

1. Use the same username and password that you had in 4th Grade for Khan Academy.
2. Once you are logged in, click on your name in the upper right, go to **Learner Home**.
3. Click on **Teachers** on the left side.
4. Where it says **Join A Class**, enter the ID number/code **9H9CNW**
5. Click on **Join the Class**
6. Once this is done, have your parent email your first name and last name, and your Khan username and password to **mbiondolillo@sthelenaedison.org** so I can keep your username and password on file for you. You also need to write them down so you always have them available. **Please email me by June 15.**

Khan Academy for New Students

1. Since you do not have a school email account yet, you will have to create a username and password on your own.
2. You will have to enter a parent email address since you do not have a school account (ask your mom or dad to help you).
3. Your username should be the first letter of your first name plus your last name (for example: mbiondolillo).
4. After that, please follow steps 2-6 mentioned above for the current students.

Thank you,
Ms. Biondolillo
Khan Academy ID Number/Code **9H9CNW**

Current Students

****The first requirement is that students will have to complete 20 minutes per week on Khan Academy.**

-Start with Grade 3 and work until you are at 100% mastery, then move on to Grade 4 until you are at 100% mastery, etc. Do the best you can. Most of you will probably not get up to the 5th grade level because there are many assignments. That is fine because we will work on this during the year, too.

-You have from Sunday-Saturday each week to do your minutes. Sunday starts a new week. If you would like your child to do more than 20 minutes, they are allowed to. Please make sure your child works on the assignments alone.

****The second requirement is that you will have to do 1 Math i-Ready lesson each week.** You have from Sunday-Saturday each week to do one lesson. Sunday starts a new week. If you would like your child to do more than one lesson, they are allowed to. Please make sure your child works on the lessons alone.

-Please send me an email with your child's username and password for i-Ready so that I have it on file in case they forget it, especially when we are in school. **Please email me by June 14.**

-Work on Khan Academy will begin on June 20 and end on August 28

New Students starting in September

****The only requirement is that students will have to complete 30 minutes per week on Khan Academy.**

-Start with Grade 3 and work until you are at 100% mastery, then move on to Grade 4 until you are at 100% mastery, etc. Do the best you can. Most of you will probably not get up to the 5th grade level because there are many assignments. That is fine because we will work on this during the year, too.

-You have from Sunday-Saturday each week to do your minutes. Sunday starts a new week. If you would like your child to do more than 30 minutes, they are allowed to. Please make sure your child works on the assignments alone.

-Work on Khan Academy will begin on June 20 and end on August 28

My email is mbiondolillo@sthelenaedison.org. Also, my eBoard is mbiondolillo.SHS.site.eboard.com. Please email me at any time with questions or concerns.

Sincerely,

Ms. Biondolillo
