Use the Vocabulary

In our lessons so far, you have learned or been reintroduced to a number of terms used by the Catholic Church. Before you celebrate the Sacrament of Reconciliation again, reflect on the previous lessons and think of the many Catholic faith words you have been learning and using throughout our sessions. In the spaces below, fill in as many blanks as you can with those words. The words you choose do not have to begin with the given letter. Use a different word for each blank. A few words have been filled in to get you started.
