

The Atonement Academy  
CATHOLIC + CLASSICAL

March 23, 2020

Dear Atonement Families,

This quarter, Our Accelerated Reader (AR) program will continue, but as an optional component of the Remote Learning Plan. Please rest assured that our main goal is to encourage all students to continue making progress towards reading proficiency by practicing daily reading skills for at least 15 - 20 minutes per day during the week(s) to come.

While students are physically away from campus, the completion of the Accelerated Reading quarterly quiz requirement will not be mandatory. Beginning March 23rd AR quizzes may be accessed remotely from home. Due to limited access to books, teachers have the option of using AR points as extra credit towards the literature grade or toward the AR portion of literature grade in the event we are able to return to campus. The AR software is a tool that will assist with determining if your child has mastered the information contained in their chosen book(s). The quizzes will be open to students during the hours of 7:15am - 4:30pm Monday - Friday (excluding holidays).

Keep in mind that while some institutions such as the public library are closed there are online resources such as [Read.gov](#) (Library of Congress) [Audible](#), [Overdrive](#) and [Project Gutenberg](#) and others that offer free downloads that may aid in keeping your child motivated and excited about reading. Be sure to set filters on all Internet activities and smartphone apps.

Please be aware that once the quiz number has been entered and the assessment completed the information will be saved in the student history and may not be taken again in the future.

3. Remember to complete the entire quiz once started. Pausing and returning to finish is not permissible.
4. Any book title retrieved from arbookfind.com is testable. If you cannot find the title then it is not a book that currently has a quiz associated with it.
