Welcome to St. Joseph Preschool!

Our goal is to provide a safe environment that fosters healthy growth and helps children develop into confident, happy, eager learners. Our program strives to provide creative and positive learning experiences for all young children. Field trips, special visitors, and an optional Extended Day on Wednesdays are often part of our program.

We help each child develop a confident self-image by providing opportunities for growth and success in all areas of development: intellectual, social, emotional and physical. Creativity and self-expression are encouraged through praise of both efforts and ideas.

Our team consists of professionals with many years of experience working with young children. Each classroom consists of one teacher and one assistant.
