

Holy Family Picture Craft

Collect old Christmas cards with images of the Holy Family. Ask parishioners to turn in old cards with holy images on them so they can be used for future crafts. You could also purchase a pack of holy cards with the image of the Holy Family.

Glue the image of the Holy Family on cardboard, or heavy paper. The background paper should be pre-cut for children.

Give each child 4 craft sticks (popsicle sticks) they can color with crayons or markers. Have them glue the pieces together on the ends to make a picture frame. Have a piece of yarn looped and glued in to make a hanging piece.

Talk to the children about how people have images of the Holy Family in their own homes.

There are a variety of ways to do this craft.
