

Thank you for your ongoing patience and support of our school in these challenging times!

In addition to in person instruction, we are offering remote learning for those students with health or personal needs. If you choose this option, you are committing to 5 days a week of remote learning until the next trimester, with the option to return in December. All school policies and procedures apply to remote learning, including:

- Attendance will be taken each morning. Students must report prepared to work.
- Students will follow their school schedule, depending on their grade level. Please note, this is a different model than we experienced in the spring 2020.
- Students should have their own device.
- Students can eat or take a break during the appropriate lunch time. No eating during lessons.
- All work requirements for remote learning are the same for in class learning.

Parents, please be respectful of classroom times. If you need to contact a teacher, please do so after school hours, not during class time.

Please email reopening@spssmith.org by 8/28/2020 if choosing remote learning, with the following information:

Child's name
Grade
Parent name
Phone number

We thank you all for your time and consideration. we look forward to a wonderful school year with your children.
