

September 2, 2020

Dear Parent/Guardian,

I would like to begin this letter by telling you how excited I am to be working with both you and your child this upcoming year. My name is Mr. Bugliarelli; however, the children can simply call me Mr. B. I am a recent graduate of St. Joseph's College, and I have a B.A. in Child Study. This is my first full year at St. Patrick School, and I am very excited. Although this is my first year teaching here, many of your children already know me since I student taught at St. Patrick School a few years ago. I couldn't be more excited to be working with them again, and I look forward to meeting new students and new families.

Your children are going to be learning a lot of wonderful things this year. This includes area and perimeter in math, research writing and character analysis in ELA, our Catholic tradition and the importance of celebrating mass in religious studies, and much more! It is my personal goal to help each child reach their fullest academic potential in all areas taught, therefore, I will be using plenty of different learning strategies that work best for each student. Success and happiness of my students is my main priority as an educator.

To help the students succeed as much as possible this year, I believe that open lines of communication between school and home is essential. Therefore, once the school year begins, I will be offering video conferencing and telephone conferencing for any parent/guardian who would like to meet with me. Please view the class website for updates about this matter.

Once again, please allow me to tell you how excited I am to be working with both you and your child this upcoming school year. I look forward to a fun-filled, yet challenging, year ahead. Please feel free to contact me if you have any questions.

Sincerely,

Mr. Bugliarelli
