

September 2, 2020

Dear Third Grade Student,

Welcome to the third grade! My name is Mr. Bugliarelli, but everyone just calls me Mr. B. I will be your teacher for this year. I am very excited to meet you, and I hope you are ready for a wonderful school year!

In case nobody told you, let me tell you some of the fun and interesting things we will be doing this year. In the third grade we learn a lot of different things. We will be exploring new ideas in math, reading and writing new things, doing science experiments, and making a lot of arts and crafts too! This will be a very exciting year!

On the first day of school, can you please bring in three or four sheets of construction paper, a glue stick, a pair of scissors, a few markers, and a picture of yourself. These will be used to make fun projects that will help us get to know each other. These projects will really light up our room! You will find out what that means on the first day.

I hope you enjoy the rest of your summer, and I will see you on September 8th!

Sincerely,  
Mr. B
