

Junior year is filled with college visits, interviews, and the delightful SATs. However, amongst the stress of our first year as upperclassmen, the student council offers many opportunities for our hard work to be recognized and supported. These events, such as Homecoming, Spirit Night, Junior Banquet, and Ring Night, are things we have heard about before starting Trinity. Next year, it is our turn to celebrate these Trinity traditions. I am Mary Mullane and I am running for your Junior class President. When the bell rings at 2:30, you can find me after school participating in varsity volleyball, basketball, and softball. I have also participated in Volley-4-Life, Spirit Night, the Art Show, and the Science Fair. Although we all have our niche, I believe we can come together to celebrate, as a class, at events provided by the student council. I will be the person who listens to your new and modern ideas and I strive to be the person you trust to make it happen. I cannot promise you air conditioning for the school, or veto the closed campus policy, however I can promise you this, I will work hard for yours and the student council's needs, and to make our Junior year united and memorable.
