

Hello class of 2019! My name is **Serraya**, but you will get to know me as Raya, and I am running for junior class president. I am excited to see what we can accomplish together as a class and as a school. It's amazing how just two years ago none of us knew each other, and now we are making memories together. Although we may not have all formed a relationship to this point, it is my belief that I will form a closer bond with more of you before the end of the school year. I want to hear the ideas and even your concerns about Holy Trinity. I've already talked to many of you, and I know we want healthier lunches, better vending machine options, and more social events. With God, love, and support I believe, together, we can continue to positively evolve our school. For me, diversity and variety are important; and were the two main components that lead me to choosing to come to Holy Trinity. Within two years I have had the opportunity to connect with students and faculty through clubs, dance concerts, sports events, and other activities. As student council president, I will accept the challenge to continuously improve the school for every single student. Communication is key in building and strengthening all relationships; and as Student Council President I will make sure our voices are heard.

Sincerely, Serraya Milland
