

Hello, my name is Timothy James Kossegi, but I am better known as TJ. I am running for Senior Class President. I would be proud to be elected, and to provide for our Senior Class.

I am running for Senior Class President because I want to make the changes you want to see. I want us to be the best class in regards to Spirit Night; I know we can win both the athletic portion of the event and Best Banner. I want to show off school spirit and more, and I want to help in as many ways that I can. That's *why* I want to be the president of our class.

At Trinity, I am far from being a "2:30 student", and participate in many after-school activities. I am a member of both Mu Alpha Theta and Math FAX, two of Trinity's math clubs. I was in Student Council Freshman year and this year. I was on the Spirit Night team my Sophomore and Junior year. This year, I became a member of the Science Honor Society, and tutored other students after school. Every year I have volunteered at the craft fair. Freshman year I was in the volunteer club, and next year I am going to be a CORE ambassador.

To me, Trinity truly is a special place, and our class makes it even more so. Though these years at Trinity, I have come to recognize just how diverse and talented our grade is. We have amazing athletes, a strong presence in both the art and theatre programs, and extremely smart students. We have the potential to create an absolutely fantastic Senior year for ourselves, and I would be honored to lead us during it. As your president, I will be open to any of your suggestions on how we can

make our Senior year the best it can possibly be. With me as president, I promise to make our Senior year as enjoyable and memorable as possible.
