RE: Option (B) Curriculum requirements & guidelines

To: Parents of students completing the in-car portion of driver education with "Parental Guidance" instead of professional instruction.

The following are guidelines for completing the in-car portion of the fall 2020 semester of driver education.

1. The class completion check list
 - a. [Attendance](#)
2. 3 pages of class specifications for the in-car curriculum
 - a. [Curriculum Guidelines for Driver Education on the road Instruction](#)

It is recommended that parents do at least 45 minutes of driving time to complete each "class" - more is preferable.

As we start fall 2020 it is highly recommended that parents thoroughly review the basics for each class, especially if there have been significant gaps in the driving time.

You will also be given information on special "observation" videos that will be available online for your child's driving education.

At the completion of the course, you will be required to send in a notarized letter to the email address above (HTFALLDE@gmail.com) stating that you have completed the curriculum, along with the class check list, which is signed by a parent for each class completed.
