Teaching Minds. Guiding Hearts.

10/18/2019

Dear Parents, Guardians, and the St. Joseph School and Parish Community,

We begin the week with some fun animal crafts! Nursery learned about the letter “E” and made their very own elephant masks.

Another Early Childhood group, our Kindergarten, paired up with their 8th grade buddies on a “leaf walk”. They then took their leaves back to the classroom to make animals portraits together.

The Kindergarten had a lot of fun, but the 8th grade might’ve enjoyed it even more!

We had some fun at our after-school program, GRASP, with crafts as well. Students were

painting pumpkins and making each other into mummies! That reminds me: as we approach Halloween, remember to get your Scavenger Hunt sign up sheets in by Monday the 21st! You don’t want to miss out on this fun, family event.

Last, but certainly not least, this year's tech is really starting to take off. Our 5th graders are seen here testing our new virtual reality headsets. Students can explore different parts of the world as if they were really there. I had the opportunity

to get up close and personal with a polar bear! We can't wait to see the doors we can unlock with these new learning tools.

Thanks again everyone – looking forward to next week!

Warm Regards,

Mr. Brian Colombari
Principal, St. Joseph School
