Teaching Minds. Guiding Hearts.

3/6/2020

Dear Parents, Guardians, and the St. Joseph School and Parish Community,

The first week of March is in the books! Here are some activities we participated in this week...

This past Sunday, our school band and other school representatives marched in the St. Patrick's Day parade in Mineola. It was brisk but sunny, and our band played very well!

Speaking of St. Patrick's Day, Nursery is getting ready by making crafts and learning about this special saint. 1st and 5th grade buddies were having fun creating leprechaun traps together!

The school as a whole is preparing to celebrate Pi Day by having select 4th graders read "pi facts" over the loudspeaker each morning. We are also building a pi chain in our main hallway – we hope we don't run out of room!

Classes are also participating by creating crafts and having pi-memorization contests.

We could devote a whole Week in Review to Kindergarten... literally! This week the Kindergarten celebrated Dr. Seuss's birthday by taking part in a number of his books. They ate green eggs and ham, wore crazy socks, dressed as red and blue fish, and wore their favorite crazy hats! Be on the lookout for more pictures of these fun activities on our social media pages soon...

Middle School students are beginning a research unit on self-selected topics in their Library/Literacy class. They will be learning how to write a thesis statement, how to drive their research with strong questions, and how to create a *works cited* page. We're excited to see the results of this endeavor!

Our week ended with our monthly First Friday School Mass, celebrated by Father Shibi and prepared by our 5th graders. We are so thankful for all that they prepared, and they did a great job!

Thank you for reading – looking forward to more next week!

Warm Regards,

Mr. Brian Colomban
Principal, St. Joseph School
