Dear Ms. Inkrot:

The National Institute for Home Care Accreditation (NIHCA) is recognized by the New Jersey Commissioner of Human Services and the New Jersey Division of Consumer Affairs as an authorized accrediting body and approved to provide accreditation as a condition of being registered as a New Jersey Health Care Service Firm.

The National Institute for Home Care Accreditation (NIHCA), Board of Accreditation and Review met on April 12, 2019 to make the final determination on your application to become accredited under the NIHCA Standards of Accreditation. I am pleased to report that **Mount Carmel Guild of Trenton was accredited under the Private Duty Nursing standards** for a three-year period ending April 12, 2022. At that time, **Mount Carmel Guild of Trenton** will be required to complete a new self-assessment and an on-site review to remain accredited.

As part of our responsibility, NIHCA monitors your on-going compliance with the NIHCA Standards of Accreditation. This verification will include a yearly Interim Report to NIHCA by **Mount Carmel Guild of Trenton**, and a site-visit if it is determined by NIHCA that a visit is necessary.

Mount Carmel Guild of Trenton has now joined a select group of home care providers who can demonstrate their commitment to responsible, accountable quality service as a result of earning accredited status under the NIHCA Standards of Accreditation. You should be proud of this accomplishment and the benefits NIHCA accreditation will bring to your organization. By maintaining adherence to the NIHCA Standards of Accreditation you can be assured that clients will know they have a home care partner they can trust.

Thank you for your choosing NIHCA, and we look forward to working with you.

Sincerely yours,

John Buck
President
