

### **Funeral Services at St. Lawrence**

Christian burial is one of the corporal works of mercy. We are called to love each other through these times.

The focus of the funeral is to pray for the person who has died, care for their family and friends, and help them to encounter the abundant love of Christ in the Church.

Organizing the funeral can be a very stressful time for the family and we have found that following a set of guidelines is helpful to minimize this. Please see our funeral guidelines below and [contact the parish office](#) at 612-331-7941 to see about scheduling.

Please review the [St. Lawrence Funeral Guide](#) to start the process.
