

A Block the Light

Do plants really need sunlight?
Find out for yourself.

Materials

leafy plant
black paper
paper clips

Do This

- 1 Cover 3 leaves with black paper.
- 2 Put the plant in a sunny place. Make sure to water the plant as needed.
- 3 Predict what will happen to the covered leaves. Record your prediction.
- 4 After one week, take off the paper. Record your observations. Was your prediction correct?

Draw Conclusions

What happens to plants when they do not get light?
