

ST. BRIGID/OUR LADY OF HOPE REGIONAL SCHOOL

June 2021

Dear Parents/Guardians,

Taking a break from school shouldn't mean taking a break from reading. Research shows that there are many benefits for those students who read during the summer. In light of this research, I am again offering a **voluntary** summer reading program.

By participating in this program, children **entering second grade** agree to read at least twenty minutes each day during July and August. The reading experience can include being read to by family members. An adult should then initial the calendar each day after reading takes place. When children share their calendars with me in September, I'll have a treat for them.

I have also included a list of some fiction and non-fiction books that might interest your young reader. In addition, I've included directions to borrow ebooks from the public library. If you have any questions, please contact me. Have a great summer! Happy reading!

Sincerely,
Mrs. Verrelli
