Transportation Application Deadline is April 1, 2021! & Complete Verification of District Residency

February 26, 2021

Attention new and returning K-8 families:

If your district provides busing to SJPII, the time has come to apply for transportation with your Home District for the next school year. For each student in grades K to 8 you must complete and return your home district's application for busing by April 1, 2021, or you will risk not securing a seat on the bus for that student next year.

Many districts have now enabled an online procedure to complete your Request for Transportation Forms. Call or look on your home district website for further information.

In addition to requesting transportation, keep in mind that you will need to Verify your Residency with your home district to be eligible for the Eastern Suffolk BOCES Nonpublic School Textbook Program. Be sure to inquire about this step while applying for busing.

Please note that all requests are your responsibility. You may call the SJPII office if you have any procedural questions, but ultimately these issues are managed by your home district.

Thank you for your prompt attention to this time sensitive matter!
