We are happy to announce that we will be hosting an OLV class of 2004 alum, Author Christine Letcher during Catholic Schools Week. Ms. Letcher has BS in Nutrition from Cornell University and MS in Nutrition from Stony Brook University.

The in-school assembly will feature Ms. Letcher's five book collection; Read & Eat Series. The Read & Eat Series is designed to introduce children to nutrition and healthy eating through reading. Each book features a simple healthy recipe and follows characters as they learn about healthy ingredients!

The books are available for purchase individually or together as a series. Books ordered will be personalized and distributed after the author's visit.
