

Assist the NYS Catholic Conference by Joining the Catholic Action  
Network!

Stay informed on Catholic Social Justice Issues and let your voice be  
heard!!!!!!!!!!!!

The New York State Catholic Conference represents the Bishops of the state in working with government to shape laws and policies that pursue social justice, respect for life and the common good. We provide a unified voice for the eight dioceses of the state to speak on such issues as education, family life, health care, poverty, abortion, euthanasia, social services, criminal justice and the environment. We apply the principles of Catholic social teaching to critical issues of the day and encourage citizen involvement in the legislative process.
