

Homemade PlayDough Recipe

This homemade playdough recipe is simple, natural, and perfect for entertaining children. They enjoy making it almost as much as they enjoy playing with it!

Reasons to love this playdough recipe:

- it's inexpensive
- lasts for months when properly stored
- you can customize your colors and other options
- it has great texture
- it's a fun project to keep your kids busy while still learning!

Ingredients

- 1 cup of flour (whatever kind you have on hand)
- ¼ cup of salt
- 1 Tbsp cream of tartar (optional)
- ½ cup of warm water
- 5 drops of natural food coloring ([I use this brand](#))

Instructions

1. Mix together the flour, salt, and cream of tartar.
2. Mix together ½ cup of warm water with a few drops of food coloring.
3. Slowly pour the water into the flour mixture, stirring as you pour. Stir until combined, then knead with your hands until the

flour is completely absorbed. If the dough is too sticky, add more flour until it doesn't stick at all.

4. Repeat process for whichever colors you want to make.

Notes

Mixing the food coloring with the water before combining with the dry ingredients allows you to blend them by stirring, without staining your hands.
