

## Memo from the Health office

### Welcome to St. Anne's School!!!!

Here are a few important reminders regarding the Health requirements as you enroll your child at St Anne's.

1. New families to St Anne's must supply an up to date immunization record which includes documentation of all required vaccines. Enclosed is a list of all the vaccines required by New York State for all Grade levels.
2. Each student will also need to supply documentation of a current Physical Examination that was performed within the last 12 months. Enclosed is the NYS mandated form that needs to be completed by your Healthcare provider.
3. Also please fill out the enclosed St. Anne's School Health form. Please note any medical conditions/allergies, (This will help complete your child's up to date health record while attending St Anne's School.

If you have any questions or concerns, please feel free to contact me at the information listed below.
