

A decorative border of pencils surrounds the text. The pencils are arranged in a rectangular frame, with some pointing inwards and some pointing outwards, creating a border around the central text.

June, 2021

Dear Parents,

Your first grader had a busy year learning new skills, especially in math. Mastery of all these skills is extremely important in order to develop a solid educational foundation. The second grade program will add onto these first grade skills, so any time spent learning or reinforcing these concepts will be very beneficial for your child. Each year builds upon the previous year's skills.

Attached is a suggested list of appropriate books for students entering second grade. Read to them.

Have them read to you. They can read whatever interests them, but they must read EVERY DAY!

Please have your child complete the attached summer math packet and return it on the first day of school.

Fondly,

The St. Anne's School

Second Grade Teachers
