

## Summer Reading Assignment for Incoming Third Graders

1. Venn Diagram – Read a grade appropriate book. Then watch the movie with the same title. Complete the attached Venn Diagram comparing and contrasting the book with the movie.
  
2. Book Cover Report – Choose a grade appropriate book. Think about the information included on the cover of a book. You are going to create a new cover for your book! Fold a piece of construction paper (9”x 12”) in half. On the outside, draw an illustration that represents a character or an event in the story. The illustration should invite a student to want to take this book off the shelf and begin to read it. Write the title of the book and the names of the author and illustrator on the cover. Use colorful lettering. Fill in the attached form and glue it to the inside of your new book cover.

Bring your assignments to school with you on the first day! Have fun!

## Suggestions for Venn Diagram

Charlotte's Web

Stuart Little

American Girl (series)

Diary of a Wimpy Kid

Fantastic Mr. Fox

Jumanji

Judy Moody (series)

Mr. Popper's Penguins

Pippi Longstocking

Ramona (series)
