

## Student Athlete COVID-19 Agreement

As is done every year, student-athletes are asked to only tryout for a team if they can commit in advance to all of its requirements. This year, in order to safely participate amidst the COVID-19 Pandemic, student-athletes are asked to make a commitment to the safety of their team and their school community. All student-athletes are asked to affirm that they will adhere to all new COVID-19 protocols and procedures established by the league and their school, as well as avoid all unnecessary travel and gatherings larger than 10.

- Any student-athlete who needs to travel outside of Long Island and New York City or attend a large gathering unaffiliated with the team for ANY reason, must notify their coach and/or Athletic Director in advance.
- Due to contact tracing requirements all carpooling to tryouts, practices, and games must be documented. Families are required to notify the school in writing of any carpooling. Every person in the vehicle while carpooling must wear a mask.
- Student-athletes will not be permitted to participate in practices or games for four days if they travel outside of Long Island and New York City overnight or attend a gathering greater than 10 even with approval. They must not exhibit any signs or symptoms of illness prior to return.
- Any student-athlete who travels outside of the permitted travel zone, unless it is with the team, or attends a gathering greater of than 10 people without advanced approval will not be permitted to participate in practices or games for 10 days.
- Any student-athlete who travels out of New York State to a state that is not contiguous with New York will not be permitted to participate in practices or games for 10 days, unless they take the necessary steps to test out of the mandated travel quarantine.
- To minimize potential exposure to COVID-19, the expectation is that student-athletes and their families will not leave our immediate geographic region or attend a large gathering except in extenuating circumstances including, but not necessarily restricted to: medical care, weddings, funerals.
- Student-athletes will adhere to all of the COVID-19 protocols outlined by the school administration and the coaching staff.

I affirm compliance with the above policies in order to tryout, train, and compete as a student - athlete for the 2020-2021 season.
