FEBRUARY...A MONTH OF LOVE

February, the month of Love and Valentine's Day, is a time for remembering love and emphasizing its importance in our lives. As one author said, "this one little word has an enormous impact on our lives...the power to lift our spirits or send us into the depths of despair."

Love is a strong force, a great good in every way. Alone it can make our burdens light, and alone can make things equally pleasing and unpleasing.

Though Love is a basic human emotion, it is difficult to define. The Greeks actually use three forms of the word Love to describe it: Eros, Phileo and Agapao. Eros is the word for sexual attraction; Phileo for the love one feels for a relative or close friend ("brotherly love"). And Agapao is used in classical Greek literature to describe what we call "true love", reflecting the actions associated with the urgency and passion of Eros as well as the caring of Phileo. It is God's Love.

Love is heavily rooted in the character of God. We can love others because He first loved us...and He loves us unconditionally regardless of our behavior...what we have done or said. Love is mentioned anywhere from 300 to 551 times in the Bible, depending on the version, and occurs both in the Old and New Testaments in all the versions.

Love is a basic necessity in everyone's life. Everyone needs to be loved to live a proper and healthy life. Even tiny babies need love to grow. Babies left in hospitals or orphanages without the warmth of a tender embrace or loving touch do not thrive.

St. Augustine describes Love this way: **Love...What does love look like? It has the** hands to help others. It has the feet to hasten to the poor and needy. It has eyes to see misery and want. It has the ears to hear the sighs and sorrows of men. That is what love looks like.

The columns of the next 3 weeks of February will focus on various aspects relating to love: Valentine's Day, Saints who were committed to Love and the greatest Love of all, the Love of God. Happy Love Month
