

# Kindergarten March News 2020

## Religion

The children have just begun their Lenten journey. The students will learn about Jesus' journey to the cross. We will focus on doing good deeds for others during this Lenten journey.

## ELA

Many fun and exciting activities will be happening in March. The children will begin unit 4 in the Journeys Reading Series. We continue to practice handwriting skills, such as writing our first and last names, and the letters of the alphabet. Listening and following directions are always important skills that we focus on in the classroom. The students will continue with high frequency words: **I, like, the, and, see, a, to, we, come, me, with, my, you, what, are, now, not, for, have, where, so, how, of.** The students will continue to blend words with short and long vowel sounds. Their reader will continue to go home on Thursday. Please check the website for the lesson number. The practice at home is helping in your child's progress.

## Math

We are moving along nicely in math. The students will begin Chapter 8 Position and Location.

Please remember to check the St. Mary School Calendar for important dates and early dismissals. Our classrooms are in need of glue sticks, crayons, tissues and paper towels.

Thank You,  
Miss Bilello and Mrs. Hoffmann
