

Name: \_\_\_\_\_

Module 5 Pre-test

**Directions: Do your best work to answer the following questions. It is OKAY if you don't know! This will not be graded, but you should still do your best to answer every question.**

1. Natalie folded 1 whole fraction strip as pictured below.

a) How many equal parts did she divide the whole into?

\_\_\_\_\_ equal parts

b) Label each equal part with a unit fraction on the picture above.

c) Identify the fraction of the strip she shaded.

\_\_\_\_\_ of the strip is shaded.

d) Identify the fraction of the strip she did not shade.

\_\_\_\_\_ of the strip is unshaded.

2. Compare the following fractions using  $>$  (greater than),  $<$  (less than) or  $=$  (equal to).
