

**April 2021**  
**Grade 6**  
**Parent Newsletter**

**RELIGION:** During the month of April, we will discuss the Easter season. Students will also learn about the Israelites journey to the promised land and what happened when they reached Canaan.

**MATH 6-1:** During the month of April, we will begin working on chapter 8, Data Analysis and Statistics. Students will use sampling to conduct a survey. Find the range and the measures of central tendency of a data set. They will make and interpret graphs, identify what type of correlation is shown by data in a scatter plot, and use spreadsheets to make graphs. Quizzes will be given throughout each chapter, and a test will be given at the conclusion of each chapter.

**MATH 6-2:** During the month of April, we will continue working on chapter 7, involving fractions. Students may have quizzes throughout the chapter and a test at the conclusion of each chapter. Please make sure multiplication and division skills are reinforced at home on a daily basis.

**ENGLISH LANGUAGE ARTS:** During the month of April, we will continue to work with various reading and vocabulary skills, as well as our study of grammar and writing. We will also continue to focus on the writing process: drafting, revising, editing, and publishing.

**SOCIAL STUDIES:** During the month of April, we will complete our study of China. We will cover the Huang Valley, Zhou Dynasty, Chinese Belief Systems, The Unification of China, the Han Dynasty and Han Society and Achievements.

**SCIENCE:** During the month of April, students will continue working on Topic 10 Forces and Motion. We will discover how the motion of an object is affected by forces that can act on it. Our lab experiences will also demonstrate similar ideas.

**SPANISH:** En Abril, students will be introduced to infinitives, negatives and how to express agreement or disagreement. We'll talk about dances and music from the Spanish-speaking world and the Cultural readings from the chapter.
