

Dear Parents/Guardians/Students,

Happy Valentine's Day! I hope everyone enjoys this short break from school. Here are a few reminders:

- Winter Recess is from **2/15-2/23**. Students come back to school on Monday, February 24th.
- **Readings Logs** do not need to be filled out over the break, but students are still strongly encouraged to read every day. **I will be giving a "Winter Break Reading Challenge"**. It is completely **OPTIONAL**, but prizes will be awarded to those who complete the Challenge.

After the break, students will be working on an **Animal Research Project**. They have chosen their animal in school. Students will be expected to choose and read a book based on their chosen animal by Wednesday **2/26**. The book should be non-fiction and include information on the animal's habitat, diet, habits, and physical characteristics.

- Students can sign in to **Prodigy Math** to work on Math skills. I will be updating the assignment in **Prodigy** to reflect what we are currently learning (multiplication and division facts and word problem solving). I strongly encourage the students to work on **MEMORIZING** multiplication facts (0's to 10's).
- Students will be sent home with a Good News Magazine. **This magazine is optional work!**

Your child's chosen animal is _____.

Enjoy the break!

-Mrs. Schuler
