Mr. John Becker,
Worldwide Seminarian Support Inc/Portland,
Oregon,
United States.

Dear Mr. Becker,

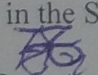

A LETTER OF APPRECIATION

I write to express our profound gratitude to you and to all the wonderful board members of the Worldwide Seminarian Support Inc. Portland, Oregon, for all the work you are doing to help change our world through the provision of tuition assistance to seminarians in developing countries. You are making a huge contribution to the mission of Christ and I want to assure you that your kind efforts will not go unrewarded.

It is always a joy to see many young men asking to join us in our mission of evangelization, but it is very sad that many a time we are forced to turn some of them away simply because we lack enough money to pay for their education. My council members and I remain committed to our duty of finding funds to train our seminarians. It is on this note that I want you to realize that your donation of two thousand dollars this year has brought us a lot of joy. This has added to our joy during this Easter celebration and we are deeply grateful to you. Thank you!

Fr. Mark Enemali also told me of your promise to continue to support us in the future. We are so delighted at this uplifting news and we pray for success in all your endeavors. Thank you for your continuous openness to the invitation of the Holy Spirit! Be assured of our continual prayers for you and your families. May God bless you and may the Blessed Virgin Mary, Our Mother, always intercede for us!

Yours in the Spirit,

Very Rev. Ayodele Ayeni, C.S.Sp.
Provincial Superior, Province of Nigeria Northwest.
