

+Dear QOA Families,

Happy Catholic Schools Week 2021! Although our Catholic Schools Week has been cut short, that does not stop us. We began our day with Mass at 9 with Father Windle and at 10:30 with Father Janton, our very supportive pastors. The faculty/staff enjoyed a most delicious lunch, thanks to our awesome Home and School! Last period of the day classes participated in a school-wide bingo with a Tootsie-Pop treat. As I was visiting the classrooms, one of the 5th graders exclaimed that he hopes he wins again on O-62 -- what an amazing memory! Tomorrow we will have a dress down day, pizza lunch, and movie afternoon with Dixie cup treat. Please and thank you for remembering, if you have not already done so, to donate a can of soup for the Nutritional Development Services Community Food Bank.

Faith. Excellence. Service.

Queen of Angels Regional Catholic School certainly is built on the

foundations of faith, excellence, and service. Thank you once again, Parents, for entrusting your wonderful children to our care. Today, on this faculty/staff appreciation day, like you dear Parents, our faculty and staff members believe in the mission of Catholic schools. They strive daily to teach as Jesus would, with love, compassion, and a yearning to instill in each child the teachings of the Catholic faith and a love of learning that will last a lifetime. What a gift, Parents, you have bestowed upon your child/ren – 11 years of a faith-based education. May God continue to bless our many endeavors on behalf of the children who are God's precious gifts. May God bless you and your families abundantly for witnessing Christ's love!

Love, prayers, and gratitude,

Sister Mary

P.S. Please be sure to read Dr. Andrew McLaughlin's letter on Terra Nova testing to be conducted in March.
