## Christmas 2020 Resources from Australia - « A Light in Darkness »

We are mindful that across the globe, many will be mourning loved ones lost to COVID-19 and many will be without family and friends, due to COVID-19 restrictions. This Christmas, many hundreds of thousands will be homeless, without food, shelter, comfort and safety, due to devastating natural disasters, warfare, political injustice and unrest. We hope that the video and music resources below will offer some comfort, real hope and a spark of joy. More than that, we pray that these resources will make a world of difference, in as much as they might draw people into the warm loving presence of Emmanuel, God who is with us, in and through it all.
